

The Cricketers *of Goldhanger*

Whether you visit The Cricketers in Goldhanger following a bracing walk along the Blackwater Estuary sea wall, or simply take a drive there for dinner or lunch, you can be sure of a warm welcome, local beers and delicious pub grub.

Vince and Diana Reijs took over the pub earlier this year, accompanied by their pub cats, Tequila and Bailey, and have set about putting their personal touch to the hostelry.

As one recent Trip Advisor reviewer says of The Cricketers: 'Unpretentious, very welcoming and dog friendly. The food from the small, uncomplicated menu is freshly cooked and good value.' What more could one want from a village pub?

The pub currently offers an amazing value 'Two meals for the price of One' lunch, Monday to Saturday, up until 4pm. Choose from a choice of dishes including meals such as a burger and chips, chilli con carne, fish and chips or chicken Caesar salad and pay only £10.95 for 2 meals.

Picturesque Goldhanger

A range of sandwiches is on offer at The Cricketers at lunchtimes and a full menu in the evening with home made specials on

offer. The pub takes pride in its Sunday roast (£10.95) with a choice of meats and a wide range of freshly cooked vegetables. The lamb shank is also highly recommended.

A cosy, relaxed interior with a traditional log burner is welcoming for the winter months, but when the weather is good, a decked area and a further garden at the rear are great places to meet friends for an alfresco drink or bite to eat.

The pub serves beers from local Maldon Brewing Company including Farmer's IPA, A Drop of Nelson's Blood and Puck's Folly.

The intriguingly named Thundering Molly cider is also available on tap.

Vince and Diana are busy planning a series of events including a Gala weekend and live music, so visit their Facebook site for updates. The Cricketers is open seven days a week and booking is recommended.
